

White Trees Risk Assessment COVID 19 education delivery on Body Active Gym

Risk Assessment for Education sport at Body Active Gym		
https://www.gov.uk/coronavirus		
All Pupils and all staff		
Date: 13/04/2021	Assessment completed by: Laura Bull	Position Head Teacher
Review Date: 01/11/2021	Assessment completed by Louise Gordon	Position Deputy Head
Commissioning Local Authorities: Hertfordshire, Hillingdon, Essex, Lambeth, Havering, Cambridgeshire, Croydon, Northamptonshire		
Is there a need for the gym to become apart of our school use?	Yes	No

White Trees Risk Assessment COVID 19

education delivery on Body Active Gym

<p>If yes, please explain why:</p> <p>At White Trees we currently do not have any sports facilities and rely solely on outsourcing our PE curriculum using local gyms and sports facilities. With the current restrictions, this would negatively impact our ability to ensure that the pupils receive their compulsory PE curriculum that we are required to provide. The owner of Body Active Gym agreed to allow pupils from White Trees to access the gym during school hours and using their booking system, to ensure that it is not overcrowded. Only customers who have booked online for an hour's slot can attend the gym and there is a cut off number per session. Equipment will be cleaned and wiped down after use, this is not just our practice but is also in line with the gym's covid procedures. We will adhere to social distancing and the government guidelines with regards to managing Covid-19 – providing hand gel, sanitiser, masks and encouraging pupils to wash their hands regularly. Pupils will not use the changing rooms, other than to use the toilets. They will come to the gym already changed and in PE kit.</p> <p>It is incredibly important for our pupils who have social, emotional, and mental health difficulties to exercise regularly as it is proven that those who do tends to provide them with an enormous sense of well-being. They feel more energetic throughout the day, sleep better at night, have sharper memories, and feel more relaxed and positive about themselves and their lives. It is also a powerful medicine for many common mental health challenges.</p> <p>Regular exercise can have a profoundly positive impact on depression, anxiety, and ADHD. It also relieves stress, improves memory, helps you sleep better, and boosts your overall mood. Research indicates that modest amounts of exercise can make a real difference. No matter your age or fitness level, you can learn to use exercise as a powerful tool to deal with mental health problems, improve your energy and outlook, and get more out of life.</p> <p style="text-align: right;">Unit 12, Italstyle Bldg, Cambridge Rd, Harlow CM20</p>	<p>X</p>	
<p>Please identify risks below for using Body Active Gym:</p>		
<p>High Risk Factors</p>	<p>YES</p>	<p>NO</p>

White Trees Risk Assessment COVID 19

education delivery on Body Active Gym

Does a staff member or anyone in their household have any <u>underlying health risks</u> or are in the <u>shielding groups</u> per government guidelines and are required to isolate?		X
Does the child/pupil/parents/carers or anyone in their household have any <u>underlying health risks</u> or are in the <u>shielding groups</u> as per government guidelines and are required to isolate		X
Does the parent / carer have any concerns and not want the child to leave their home for face to face sessions		X
Does staff member have <u>symptoms</u> of COVID 19		X
Do the pupils have <u>symptoms</u> of COVID 19		X
Are the pupils <u>self-isolating</u>		X
Is the staff member <u>self-isolating</u>		X
Are the pupils or any member of their household <u>not</u> staying at home and following <u>social distancing</u> advice		X
Do the pupils have any difficulty with self-regulation and cannot adhere to personal space and distancing with staff and other people		X

White Trees Risk Assessment COVID 19

education delivery on Body Active Gym

Do the pupils have difficulty with self-regulating their behaviours and lack the ability to calm themselves and self-regulate their behaviour	X	
Are there any concerns with regulating physical <u>behaviours</u> and not become violent (hitting, spitting, biting, self-harming etc)	X	
Do any identified pupils have difficulty in <u>following safety instructions</u>		X
Do any pupils have a risk of <u>absconding or running</u> away	X	
Do any of the pupils have a history of requiring <u>physical intervention</u> e.g. restraint	X	
Do any of the pupils have <u>difficulty with communication</u> which can often lead to a physical response and heightened anxiety	X	
Do any pupils <u>have any difficulty following</u> COVID 19 instructions for washing hands and coughing/sneezing		X
Other High Risks (please insert): Self harm	X	
<u>Mitigation actions to reduce risk if any answer is Yes above:</u>		

White Trees Risk Assessment COVID 19

education delivery on Body Active Gym

<p>KK has a history of self-harm, safeguarding procedures will take place where a full sweep of any environment where they will be working will be undertaken before they arrive. All pupils are to be fully supervised at all times, with equipment use being fully supervised.</p> <p>All pupils have individual risk assessments with all staff who are working with them knowing the identified triggers strategies that are required to be used in given situations. A qualified PE member of staff advising on gym session who is a member of the Senior Leadership Team and will be supporting down there as much as possible.</p> <p>All staff have read and signed the site-specific Covid risk assessments- they understand that they are dynamic and working documents and must inform SLT of any changes, so then the risk assessments can be updated and changed accordingly.</p>		
Low Risk Factors (Green)	YES	NO
Pupils and parents/carers understand the dangers of COVID 19 and the risks of spreading and contracting the virus	X	
Pupils and parents/carers understand that face to face sessions can be delivered however our staff, the pupil and carers must follow our procedures to reduce the <u>serious and life-threatening</u> risks associated with COVID 19 and its transmission	X	
Staff or anyone in their household confirm that do not have any <u>underlying health risks</u> or are in the <u>shielding groups</u> as per government guidelines and are required to isolate	X

Mitigation actions to reduce risk if any answer is NO above:

KK has a history of self-harm. Safeguarding procedures will take place where a full sweep of any environment where they will be working will be undertaken before they arrive. All pupils are to be fully supervised at all times, with equipment use being fully supervised.

All pupils have individual risk assessments with all staff who are working with them knowing the identified triggers strategies that are required to be used in given situations. A qualified PE member of staff advising on all gym sessions, who is a member of the Senior Leadership Team and will be supporting down there as much as possible.

Notes on Risk Assessment:

This risk assessment should be read in conjunction with our protocol & procedures which identify the risks of COVID 19 and how our staff will minimise the risks associated with COVID 19 for face-to-face delivery of sessions (at end of document).

1. If any of the answers in the 'High Risk' red section, is **Yes** then we will need to detail how we can mitigate each individual risk. Social distancing will be undertaken where possible. Before, in-between and after pupil visits the commonly used area will be wiped down using anti-bacterial wipes – including door handle, seats, desks.
2. All the answers need to be **Yes** in the 'Low Risk' green section unless it can be stressed that an action plan is in place if an incident identified is to occur.

White Trees Risk Assessment COVID 19

education delivery on Body Active Gym

3. A new risk assessment will need to be completed if there are any **changes in circumstances** for a pupil/carer/parent/staff e.g. change in pupil's/carers/parents' behaviours, a child displaying symptoms of COVID 19.
4. Parents/carers and all relevant key workers and Local Authorities **must be informed** of the outcome of this risk assessment and kept up to date with any other changes with regards the opening/logistics of the school.
5. As soon as someone has symptoms of Covid they are not to attend the site and should get a PCR test booked in ASAP. If it is negative and its appropriate to do so, then they can return. If it is positive, then the pupils and staff who are identified as being positive will need to self-isolate for 10 days. All staff/pupils will be checked in with each day, so symptoms can be monitored and with logistical decisions being made in line with findings.
6. Within school settings there is now no need to self-isolate if they live in the same household as someone with COVID-19, or are a close contact of someone with COVID-19, provided that:
 - They have been double vaccinated
 - They are younger than 18 years and 6 months
 - They are taking part in a covid vaccination trial
 - They cannot be vaccinated for medical reasons.

RISKS for COVID 19

The risks of COVID 19 are very serious. COVID 19 can pose a serious health risk to you and your family and other members of the community including critical illness and death (please see links below).

White Trees Risk Assessment COVID 19

education delivery on Body Active Gym

<https://www.gov.uk/government/publications/covid-19-guidance-on-social-distancing-and-for-vulnerable-people/guidance-on-social-distancing-for-everyone-in-the-uk-and-protecting-older-people-and-vulnerable-adults>

Identifying risks of COVID 19

If you start to have **symptoms of COVID 19** you must self-isolate immediately for 10 days as per government advice. Please contact us immediately.

You **must not** deliver/allow any face-to-face work until you or the pupil have no symptoms and until you and/or family members stop self-isolating.

What are the risks for all?

- Contracting COVID 19
- Passing on COVID 19 virus to others
- Passing on COVID 19 to family/household members especially if they are in the **high risk** or **shielding groups**
- **Serious illness**
- **Death**

Procedure for delivery on site delivery.

White Trees Risk Assessment COVID 19

education delivery on Body Active Gym

- **Antiseptic gel/spray** in school, with everyone to follow guidelines on washing hands and where possible social distance.
- **Wash/gel** hands before and after touching any door, bell, knocker etc
- **PPE** is available at school (masks/gloves)
- **Always and before every educational day check** ask the pupil and parent/carer if anyone has symptoms of COVID 19.
- If the answer is **yes**, then **they are not allowed on site** and inform Laura Bull immediately.
- Please **reassure** pupils and family members about the COVID 19 as they will be worried and have anxieties.
- Always **follow** government advice on protecting yourself and others
- **Stay 1 metres + apart** from the young person and or other worker where possible while delivering face to face sessions

Travelling with a young person

- Clean door handles after every trip and wipe surfaces
- Make the pupil has washed hands before coming out of home and before returning to home or getting into a vehicle
- Have windows open as much as possible
- Do not use air con and do not recycle the air system in vehicle

White Trees Risk Assessment COVID 19

education delivery on Body Active Gym

- Ensure you have a first aid kit and hand sanitizer in your vehicle
- Have face masks available (at least two) (only use if young person becomes ill)

At the end of the school day and returning home

- Wash / gel hands before child goes home and indoors
- Advise parents/carers that pupil removes clothes by themselves and put in them washing machine
- Advise carers/parents that the pupil should have a shower/bath. This applies to staff on returning to their homes
- If more than one session in a day make sure you wash / gel hands and clean vehicle and equipment after each session (as above) and before the next session commences

If you or a pupil becomes ill or shows symptoms of COVID 19 during the school day,

- End the session immediately, put face masks on and call Laura Bull, who will be on site- She will arrange **transport home** for that pupil. A test should then be arranged for the pupil/staff member via gov.uk.
- Staff and the **pupil must take precautions when returning home**
- It is imperative that the family/carers/key workers are **informed and contacted before the young person arrives home** so appropriate actions can be made.
- **You must take precautions** when you arrive home before isolating to **protect your family** members / people you live with according to government advice.

All parents/carers/key workers and staff must acknowledge that they have understood and read this procedure and risk assessment and confirm by email before the pupils can be educated on site.

White Trees Risk Assessment COVID 19

education delivery on Body Active Gym

Guidance is changing all the time from Public Health England, central government, and from the Department for Education and our risk assessments, protocols and procedures will change as advice, guidance and laws change.
